Noradèle Radjai identified as one of GAR's "45 under 45"

Noradèle Radjai has been identified by Global Arbitration Review as one of the 45 leading international arbitration specialists worldwide under the age of 45. She is LALIVE's third partner to be named in successive editions of GAR's "45 under 45". The only two previous issues of this prestigious guide also recognised LALIVE partners Domitille Baizeau (2011) and Matthias Scherer (2006).

Noradèle's listing follows extensive peer research by GAR and recognises her outstanding contribution to international arbitration over the last 20 years of practice in London and Geneva. She is one of only four Swiss-based practitioners and four native Arabic speakers globally to have made the 2023 guide. You can read Noradèle's interview [here](#).
