## LALIVE Arbitration Experts Recognised As Thought Leaders In Construction By Who's Who Legal 2020

We are delighted to announce that LALIVE partners Michael E Schneider, Matthias Scherer and Bernd Ehle, and Counsel Sam Moss, have been recognised as Thought Leaders in Construction by Who's Who Legal (WWL) in their 2020 edition. WWL consults more than 50,000 lawyers, consultants, in-house counsel and other sources annually to gain an accurate picture of the legal market and select their recommended practitioners.

This recognition emphasizes the excellent work of our construction lawyers team, who advises clients from around the world on complex transactions relating to a broad range of construction and infrastructure projects, including EPC and turnkey contracts, joint venture and consortia agreements, privatisation agreements, and public procurement.

For more information on our construction practice, see [here](#).
